RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

- + (1) Personal appearance.
+ (2) Personality and effectiveness of his personal contacts.
+ (3) Attitude (including dependability, cooperativeness, loyalty, enthusiasm, amenability and willingness to equitably share work load).
+ (4) Physical fitness (including health, energy, stamina).
+ (5) Resourcefulness and ingenuity.
+ (6) Forcefulness and aggressiveness as required.
+ (7) Judgment, including common sense, ability to arrive at proper conclusions; ability to define objectives.
+ (8) Initiative and the taking of appropriate action on own responsibility.
+ (9) Planning ability and its application to the work.
✓ (10) Accuracy and attention to pertinent detail.
+ (11) Industry, including energetic consistent application to duties.
✓ (12) Productivity, including amount of acceptable work produced and rate of progress on or completion of assignments. Also consider adherence to deadlines unless failure to meet is attributable to causes beyond employee's control.
+ (13) Knowledge of duties, instructions, rules and regulations, including readiness of comprehension and 'knowhow' of application.
0 (14) Technical or mechanical skills.
0 (15) Investigative ability and results:
 0 (a) Internal security cases
 0 (b) Criminal or general investigative cases
 0 (c) Fugitive cases

The purpose of this memorandum is to recommend that Mr. Condon receive a letter of commendation. The reasons for this are as follows:

(1) Mr. Condon in the recent past has been doing particularly outstanding work in connection with the Current Intelligence Analysis and the monograph "The Communist Party Line." This work is being commented upon quite favorably by outside agencies.

(2) For example, under date of June 2, 1956, the Director received a letter from Honorable Herbert Hoover, Jr., Under Secretary of State, in which he related his appreciation for receiving "The Communist Party Line, January 1956 - April 1956," pointing out "I was especially interested in the section on foreign policy, and plan to show your booklet to some of our key officers." On May 15, 1956, the Los Angeles office wrote to the Bureau advising how beneficial and helpful the Current Intelligence Analysis is to that office. Under date of March 28, 1956, Arthur S. Flemming, Executive Office of the President, Office of Defense Mobilization, wrote to the Bureau expressing his appreciation for receiving the Current Intelligence Analysis and said that it was very helpful to him. Other similar comments have been received both from inside and outside the Bureau.

(3) Mr. Condon is manifesting very superior interest, enthusiasm, and conscientiousness in fulfilling his responsibilities in the Central Research Section.

In the light of the above undisputed facts, it is believed that Mr. Condon is very definitely entitled to a letter of commendation at this time.

RECOMMENDATION:

- (1) That Mr. Condon be given a letter of commendation.**

- (2) That this matter be referred to the Administrative Division for handling.

Reference is made to your memorandum to me dated June 4, 1956.

This is to advise you that Mr. Condon's assignment was changed in 1955 from regular research work to the writing and editing of the Current Intelligence Analysis and also to preparing, every four months, in conjunction with the Current Intelligence Analysis the monograph entitled "The Communist Party Line." Further, in 1955 his assignment was changed to include the handling of short specials. It was further changed in 1956 to include the handling of mail on a day-to-day basis for the Section. In the light of this, Mr. Condon's status complies with the requirements set forth in the Director's memorandum concerning rotation of assignments.

RECOMMENDATIONS:

(1) That no change be made in Mr. Condon's assignment in view of the fact that the changes made in the recent past comply with the Director's stipulations.

(2) That this memorandum be referred to the Administrative Division for its information.

Mr. Condon has been assigned to the Seat of Government since 6/22/52. He was interviewed by me on 8/22/56. Mr. Condon makes a very good personal appearance and seems to be rather enthusiastic about the work he is presently doing in the Central Research Section of the Domestic Intelligence Division. SA Condon stated he would like to progress as far as he can in the Bureau and would eventually like to become an ASAC and advance even further if he has the capability.

He converses in a rapid fashion, is inclined to gesture somewhat with his hands and uses various facial expressions when conversing. There seems to be no question in his mind that he would be able to function as a field administrator if given the opportunity. He stated he would have a preference for advancement in the field, but would not object to further advancement at the Seat of Government if the opportunity presented itself. He has had fairly well rounded field experience, having served in three field offices prior to coming to the Seat of Government and also served as a Resident Agent.

Concerning his future prospects in the Bureau, I think this man does have some potential, but I do not feel he is ready for an assignment as an ASAC at this time, and there is a question in my mind as to just how he would get along in supervising men. I am of the opinion he needs to attain more maturity before he is ready for such an assignment. I think it is to his advantage to remain where he is for the time being.

RECOMMENDATION:

It is recommended that no change be made in SA Condon's assignment at this time.

Dear Mr. Condon:

January 20, 1957, marks your Tenth Anniversary with the Federal Bureau of Investigation. It is an occasion of which you may justly feel proud, and I wish to extend my heartfelt congratulations. In recognition of this event, there is enclosed the Bureau's Ten-Year Service Award Key.

To do a job well year after year as you have done indicates more than a belief in the ideals of the Bureau. It is indicative of sincere and conscientious efforts and much hard work. I am not unmindful of the fact that your years in the FBI have embraced periods that have been particularly trying to our country as well as to the Bureau. The present position of esteem and respect which the Bureau enjoys is due in no small part to just such loyal employees as you. Your career will serve as a continuing example for the newer employees of this Bureau.

Dear Mr. Hoover:

It is a pleasure to express my appreciation for the highly effective lecture presented by Mr. Joseph F. Condon to the Officer Advanced Class at Fort Holabird on December 21, 1956.

His interesting and well planned discussion provided our students with a clear and concise picture of the historical development and organizational features of the Communist Party of the United States as well as a number of illuminating sidelights concerning its recent activities and future plans. It was indeed gratifying to have this important topic treated so ably. The knowledge acquired should prove of great value to these officers as they progress in their Army careers.

On behalf of The Army Intelligence School, please accept my thanks for your generous assistance and extend my deep appreciation to Mr. Condon for a significant contribution to our training program.

Mr. Condon is responsible for improving greatly the Current Intelligence Analysis and also The Communist Party Line. The Bureau has received different letters commenting most favorably upon these two products. These letters have come from outside Government agencies and also from the field offices. Mr. Condon is also a very accomplished and effective lecturer in the field of communism. He regularly delivers lectures to In-Service classes, New Agents' classes, and also to some special schools held at the Bureau.

Mr. Condon intends to make a career of the Bureau and is most interested in administrative advancement. He is willing to accept an assignment anywhere the Bureau wishes to send him. He is available at all times.

Mr. Condon is the type of Supervisor who accepts any assignment without complaint and does his very best. He is perfectly willing to work Saturdays, Sundays, or evenings as the occasion demands. His voluntary overtime has been quite adequate. He does not have any physical or availability limitations nor has he taken any abnormal sick leave. On June 13, 1956, Mr. Condon received a letter of commendation from the Director which, among other things, commented favorably on his interest, enthusiasm, and conscientiousness in discharging his assignments. W. C. Sullivan

By memorandum dated 6-24-57 Mr. W. C. Sullivan recommended SA Condon be promoted to Grade GS-14. Mr. Sizoo concurred for Mr. Belmont. Mr. Condon had been serving as a Supervisor in the Domestic Intelligence Division since 6-22-52. He produced large volumes of work and did so accurately. Among other things, he was engaged in regularly writing the Current Intelligence Analysis and The Communist Party Line. He was responsible for improving greatly the Current Intelligence Analysis and also the Communist Party Line. He was the type of Supervisor who accepted any assignment without complaint and did his very best. He was a good example of a valuable, seasoned, veteran employee who was a real asset to the service. It was believed that Mr. Condon, on being promoted, would certainly prove worthy of this promotion in every way.

A review of his personnel file reflects that he entered on duty as an Agent on 1-20-47, was promoted to Grade 12 on 4-15-51 and to Grade 13 on 7-19-53. SA Condon has received one letter of censure during his tenure as an Agent. On 12-2-48 he was CENSURED as the result of the efficiency report submitted on his progress as of 10-18-48. Specifically, comments had been noted that his reports had not reflected thorough and exhaustive investigation in all cases, and they had required more than average supervision because of a considerable number of errors in form. In addition, it was stated that his language in many instances was loose and required interpretation. Letters of COMMENDATION were directed to him on 9-1-55 and 6-13-56. On his 1957 annual report Mr. Sullivan rated him EXCELLENT and said he was a real asset to the Bureau. He had administrative ability. He liked administrative work and hoped to advance to the position of ASAC and beyond. Mr. Sullivan believed, however, Mr. Condon needed continued experience here at the Bureau before advancing administratively. Therefore, he was not recommended for advancement at that time. It is noted Supervisor Condon has received numerous letters of COMMENDATION and APPRECIATION from outside individuals concerning his lectures on Communism.

67-414041-106

Mr. Nease interviewed him on 8-22-56 and added, he made a very good personal appearance and seemed to be rather enthusiastic about the work he was doing in the Central Research Section of the Domestic Intelligence Division. Mr. Condon stated he would have a preference for advancement in the field, but would not object to further advancement at the Seat of Government if the opportunity presented itself. Concerning his future prospects in the Bureau,

Mr. Nease thought this man did have some potential, but felt he was not ready for an assignment as an ASAC at this time, and there was a question in his (Mr. Nease's) mind as to just how he would get along in supervising men. Mr. Nease was of the opinion he needed to attain more maturity before he was ready for such an assignment. Mr. Nease thought it was to his advantage to remain where he was for the time being. No change was recommended.

In connection with rotation Mr. Sullivan advised on 6-12-56 that Mr. Condon's assignment was changed in 1955 from regular research work to the writing and editing of the Current Intelligence Analysis and also to preparing, every four months, in conjunction with the Current Intelligence Analysis the monograph entitled "The Communist Party Line." Further, in 1955 his assignment was changed to include the handling of short specials. It was further changed in 1956 to include the handling of mail on a day-to-day basis for the Section. It was recommended and approved that no change be made in his assignment.

His daily average overtime for the past six months has been approximately 2 hours 18 minutes per day.

RECOMMENDATION: It is noted that SA Condon received his only letter of censure on 12-2-48 and that he has obviously corrected the deficiencies which resulted in his censure since his present duties require a careful, analytical review and summation of research material in exacting form. He has been commended on 2 occasions and while he is not presently believed to be ASAC material, he is performing his highly specialized duties in an excellent manner as reflected by Mr. Sullivan comments. It is accordingly recommended since he meets all other qualifications that he be promoted to Grade GS-14, \$10,320 per annum, effective 6-30-57.

By memorandum dated 6-28-57, he was considered for Grade GS-14 promotion and was passed over to be reconsidered upon receipt of his 1958 annual performance report since it was doubted he was ASAC material.

SA Condon was promoted to Grade 12 on 4-15-51, and to Grade 13 on 7-19-53. On 12-2-48 he was CENSURED in connection with an efficiency report submitted on him 10-18-48, which set out delinquencies in reports prepared by him. He was COMMENDED on 9-1-55 for his valuable services in the preparation of two monographs entitled "Security Surveillances" and "Menace of Communism in the United States Today"; and on 6-13-56 for the excellent performance of his duties in the Central Research Section, particularly in connection with the Current Intelligence Analysis and the monograph, "The Communist Party Line."

RECORDED 14 *67-414041-108*
 Mr. Nease interviewed SA Condon on 8-22-56 and said he made a very good personal appearance and seemed to be rather enthusiastic about the work he was doing in the Central Research Section. SA Condon stated he would like to progress as far as he can in the Bureau and would like to become an ASAC and advance even further if he had the capability. Mr. Nease said he conversed in a rapid fashion, was inclined to gesture somewhat with his hands and used various facial expressions when conversing. There seemed to be no question in SA Condon's mind that he would be able to function as a field administrator if given the opportunity, and he stated he would have a preference for advancement in the field but would not object to further advancement at the Seat of Government if the opportunity presented itself. Concerning his future prospects, Mr. Nease thought he did have some potential, but did not feel he was ready for an assignment as ASAC at this time, and there was a question in Mr. Nease's mind as to just how he would get along in supervising men. It was felt he needed to attain more maturity before he was ready for such an assignment, and that it was to his advantage to remain where he was for the time being.

On 3-31-57 Mr. Sullivan rated him EXCELLENT and said he was engaged in research, writing and lecturing. He excelled in all three. He writes the FBI weekly Current Intelligence Analysis which was

distributed to high-ranking outside governmental officials as well as throughout the Bureau, various favorable letters had been received commenting on the Analysis, and his work made him an authority on the Communist Party, USA. He had administrative ability, he liked administrative work and he hoped to advance to the position of ASAC and beyond. He handled personnel well, he was available for any assignment; Mr. Sullivan believed, however, he needed continued experience at the Bureau before advancing administratively and therefore did not recommend him for advancement at this time.

His daily average overtime for the past six months was approximately 2 hours 15 minutes.

By memorandum dated 7-15-57, Mr. Sullivan made reference to his recommendation for Grade GS-14 promotion for this Agent under date of 6-24-57, and the Bureau's memorandum of 6-28-57 passing SA Condon over for this promotion, and said in view of SA Condon's outstanding ability as a research Supervisor, and because of the consistently high grade of work he had done over a long period of time, he was writing this memorandum to respectfully request that the matter be reopened and that his recommendation that SA Condon be promoted to Grade GS-14 be reconsidered. First, Mr. Sullivan said, he would like to say he agreed fully with Mr. Nease in that he did not think SA Condon was ready for assignment as ASAC at this time. Secondly, Mr. Sullivan did not agree that readiness for the position of ASAC and promotion to Grade GS-14 should be equated in all instances. Mr. Sullivan asked whether it was not entirely possible for a man to be most outstanding in his own field and worth Grade GS-14 to the Bureau without being qualified as of that time for the position of ASAC?

Mr. Sullivan continued that SA Condon had become unusually competent, diligent and capable in research and writing during his five years in the Central Research Section. He considered him outstanding and stated proof of this was to be found on record. He referred to letters of commendation received from outside agencies concerning the Bureau's "Current Intelligence Analysis" which was written weekly by SA Condon. He had improved greatly, so much that he had been commended for doing so. He also had responsibility for preparing regularly the highly valuable informative and useful study "The Communist Party Line" which is considered indispensable by the field in preparation of front organization reports. It had also been object of high praise by outside agencies. He stated that SA Condon was a lecturer of superior ability and that he had not reached his high level of attainment without long years of concentrated work and study. He considered him to be a seasoned veteran and capable employee who was able to handle any

type assignment given to him and who was willing to sacrifice his own time to better equip himself as a Bureau employee. He was always willing to come in at night or weekends or from vacation to handle Specials. Mr. Sullivan considered these qualities in a man to be of equal importance to other qualities which might fit him for the position of ASAC.

Mr. Sullivan added that research and writing in the field of communism required a particular type of background, temperament, attitude and interest and that not every agent was qualified for this type of work just as not every agent was qualified to work in the Laboratory. He stated SA Condon by nature was ideally suited for research and writing and in this capacity was making a contribution to the Bureau which was surely equal to the contribution of an ASAC in some small office. Mr. Sullivan recommended that SA Condon be reconsidered for promotion to Grade GS-14, and Mr. Boardman concurred. Mr. Sizoo concurred for Mr. Belmont.

RECOMMENDATION: It appears that Mr. Sullivan has not furnished any information that was not already known at the time SA Condon was considered for promotion on 6-28-57. Accordingly, it is recommended that no further action be taken at this time and that he be reconsidered for promotion upon receipt of his 1958 annual performance rating as previously approved on 6-28-57.

Reference is made to my memorandum dated June 24, 1957, wherein I recommended that Mr. Condon be given consideration for promotion from grade GS-13 to grade GS-14. Reference is also made to the memorandum dated June 28, 1957, from H. L. Edwards to Mr. Mohr on this same subject matter wherein the Administrative Division also recommended that Mr. Condon be promoted from GS-13 to GS-14. However, this memorandum contains a notation by Mr. Clayton recommending that no action be taken in this matter until Mr. Condon's 1958 performance rating is submitted. Mr. Clayton based his decision upon an observation made by Mr. Nease in a memorandum from Mr. Nease to Mr. Tolson dated August 24, 1956, which, while in all other ways was favorable, pointed out that in the opinion of Mr. Nease, Mr. Condon was not ready for an assignment as an ASAC at this time.

In view of Mr. Condon's outstanding ability as a research Supervisor, and because of the consistently high grade of work he has done over a long period of time, I am writing this memorandum to respectfully request that the matter be reopened and that my recommendation that Mr. Condon be promoted from GS-13 to GS-14 be reconsidered. First, I would like to say that I agree fully with Mr. Nease in that I do not think Mr. Condon is ready for an assignment as an ASAC at this time. Secondly, I do not agree with Mr. Clayton's deduction that readiness for the position of ASAC and promotion from GS-13 to GS-14 should be equated in all instances. Is it not entirely possible for a man to be most outstanding in his own field and worth a grade GS-14 to the Bureau without being qualified as of that time for the position of ASAC?

Mr. Condon has been in the Central Research Section for five years. From the very beginning, he was assigned to research and writing. During this five-year period, (he has become unusually competent and capable in this field in every respect.) As I previously stated, he is outstanding. Proof of this is to

be found on record. I refer to the letters of commendation received from outside agencies concerning the Bureau's "Current Intelligence Analysis." This is written weekly by Mr. Condon and he has improved it greatly, so much so that he has received a letter of commendation for so doing. Mr. Condon also has responsibility for preparing regularly the highly valuable, informative, and useful study entitled "The Communist Party Line." This study is considered indispensable by field office Agents in the preparation of front organization reports. It also has been the object of high praise by outside agencies of the Government. It is also a matter of record that Mr. Condon is a lecturer of superior ability. He has not reached this high level of attainment without long years of concentrated work and study. He is the type of person who is willing to sacrifice his own time to better equip himself as a Bureau employee.

In addition to the references made above, Mr. Condon is one of those seasoned, veteran, capable Bureau employees who is able to handle any type of assignment given to him. He never objects to the type of assignment received. When it has been necessary to call him in from home at night or on a Saturday or Sunday to handle a special, he has not been the type of Supervisor who thinks up a number of excuses as to why he cannot come or why it would be difficult for him to come. Mr. Condon's response has always been an immediate yes. Mr. Condon is the type of Supervisor who has come in from a vacation to complete some work that he alone was handling and was familiar with at the time. It does seem obvious that these qualities in a man are of equal importance to other qualities which might fit him for the position of ASAC.

As we know, research and writing in the field of communism requires a particular type of background, temperament, attitude, and interest. Not every Agent is qualified to do this type of work just as not every Agent is qualified to work in the Chemistry or Physics Laboratories. Mr. Condon by nature is ideally suited for research and writing and in this capacity is making a contribution to the Bureau which is surely equal to the contribution of an ASAC in some small field division.

In view of the above facts and in the light of what has been previously stated in my memorandum to Mr. Belmont dated June 24, 1957, it does seem that this case warrants reconsideration.

Reference is made to the copy of the enclosed memorandum from L. V. Boardman to Mr. Belmont dated September 4, 1957, with the pink slips attached.

Supervisor Condon prepares regularly the Current Intelligence Analysis (Cinal). His issue of August 28, 1957, contained two errors. In the first place an outside envelope for which Mr. Condon is responsible carried the address Honorable Donald A. Quarles, Secretary of the Air Force, instead of carrying the correct title Deputy Secretary of Defense. Relative to the same issue of this Current Intelligence Analysis, another outside envelope carried the address Honorable Robert B. Anderson, Secretary of the Navy, (with two periods after Washington), instead of the correct title Secretary of the Treasury.

It is obvious that Mr. Condon did not read this mail carefully or take adequate steps to check the addresses on the outside envelopes against the correct addresses on the other pertinent pieces of mail.

RECOMMENDATION:

Mr. Condon be given a letter censure for his negligence in this matter.

JOSEPH F. CONDON

PART I GENERAL COMMENTS

Mr. Condon is a very valuable employee of the Bureau marked by experience, maturity, sound judgement, and enthusiasm. He is extremely loyal and very proud to be associated with the Bureau. He makes a very good personal appearance, dresses neatly, and has good poise and a pleasant personality. He is well liked by all who know and work with him and is held in high esteem. Mr. Condon is fully able to participate in complex investigative assignments and is likewise able to participate in raids and dangerous assignments. He does not have any physical or availability limitations nor has he taken any abnormal sick leave.* Mr. Condon has not during the rating period received any incentive awards. He did receive a letter of censure on September 1, 1957, for errors contained in the Current Intelligence Analysis which were discovered before the communication left the Bureau. This letter in no way reflects upon the high quality of Mr. Condon's work which he has maintained throughout the year. He has been outstanding in his research, writing, and lecturing. Mr. Condon prepares the Current Intelligence Analysis which regularly receives favorable comment by outside agencies and by our field offices. Mr. Condon is an authority on the current activities of the Communist Party, USA, and has been of great assistance not only to the Research Section, but to other sections in the Bureau as a result of his knowledge of the Party. Mr. Condon is the type of person who is willing to sacrifice his own time on any occasion in order to better serve the Bureau. He never objects to any type of assignment given to him. When it has been necessary to call him in from home at night or on Saturday or Sunday to handle a special, he has always responded willingly. Mr. Condon is the type of supervisor who has come in from a vacation to complete some of his work which he alone was handling and was familiar with at the time. He is a natural research worker and writer and, in addition to this, he has definite administrative abilities which are utilized in the front office of this Section quite frequently. When the Section Chief or the Number One Man is absent, Mr. Condon has handled their work in the front office with superior administrative knowledge, understanding, and discernment. He has no reluctance about making decisions and taking action on his own initiative. He has confidence in his administrative ability and is aggressive about handling his tasks. He has an understanding of personnel and is able to direct them efficiently.

Initials: JD

*This sick leave is not considered abnormal because Mr. Condon was ill and under doctor's orders and later was requested by his doctor not to report for work because of a contagious illness in his family.

Part I General Comments (Continued)

During the present rating period Mr. Condon earned 104 hours of sick leave, while taking 167 hours. However, there is no indication that this was abnormal. In summation, it may be said that Mr. Condon is a most mature, experienced, seasoned, and valuable employee who will always be a great asset in any position which he occupies in the Bureau. His voluntary overtime has been consistently satisfactory. His keen interest in his daily work is shown in the suggestions which he makes for the improvement of his own work and for the work of the Section in general. He is conscientious and can be relied upon at all times and is a man who will go beyond what he is required to do in order to make a substantial contribution.

In this Section he has handled personnel well, exercised sound judgement, and makes decisions quickly and accurately and without reluctance. Mr. Condon follows Bureau administrative matters closely and has repeatedly expressed a desire to attend any of the administrative schools conducted. This memorandum is being sent along with Mr. Condon's annual performance rating in order to accent the facts which warrant reconsidering Mr. Condon for promotion from Grade GS-13 to GS-14. He was reallocated from GS-12 to GS-13 on July 19, 1953, therefore, considerable time has passed and he is eligible for consideration for promotion at this time. On June 24, 1957, I recommended Mr. Condon for promotion to GS-14, however, the Administrative Division recommended no action at that time, but did recommend that Mr. Condon be reconsidered for promotion upon receipt of his 1958 performance rating.

I know of no man in this Section more worthy of promotion than Mr. Condon. He has been an unusually loyal, competent, and productive Bureau employee. He has been with the Research Section since June 22, 1952, and is the second oldest member of this Section. Long ago he decided to make a career of the Bureau and he has done so in a highly commendable manner. Most certainly, his services to the Bureau are just as valuable in its specialized capacity as a researcher, writer, or lecturer, as are the services of an ASAC in a small field office or as a specialist in the Laboratory. Because of his outstanding work, his loyalty, splendid attitude, and administrative capacity, it does seem that in all justice Mr. Condon should be very seriously considered for promotion from GS-13 to GS-14 at this time.

RECOMMENDATIONS:

1. That Mr. Condon be promoted from GS-13 to GS-14.

2. That this memorandum be forwarded to the Administrative Division for action and handling.

REALLOCATION

By memorandum of April 11, 1958, W. C. Sullivan submitted Agent Condon's annual performance rating and recommended that he be considered for promotion to GS-14. He stated he felt no man in that section was more worthy of promotion than SA Condon; that he had been unusually loyal, competent and productive and had been assigned to the Research Section since June 22, 1952. Inspector Sullivan felt that SA Condon's services are as valuable in his specialized capacity as researcher, writer or lecturer as are the services of an ASAC in a small field office.

SA Condon's Bureau record has been above average although in the early part of his career comments indicated that he had a quiet, reserved personality and lacked confidence somewhat. He has had mostly security experience and has been assigned to the Domestic Intelligence Division since 1952, having previously served in three field offices including Resident Agency assignments. He was recommended for long-range advancement in 1953 but it was stated his principal facility was for research and he was not ready for assignment as ASAC. He has been characterized as a good writer and lecturer, that he is a Supervisor of superior intelligence with an academic turn of mind; writes scholarly monographs on Communism which are disseminated to officials of the Government and favorable comments have been received on his lectures to outside agencies. He is an Inspector's Aide and has been commended twice in connection with his research work.

67-414041-120

Mr. Nease interviewed him on August 22, 1956, and stated that Mr. Condon would eventually like to become an ASAC and go further if possible. He conversed in a rapid fashion, was inclined to gesture somewhat with his hands and used various facial expressions when conversing. He indicated he preferred advancement in the field. Mr. Nease felt he did have some potential but felt

WST:gt

3 el

Memo to Mr. Mohr (continued)

he was not ready for assignment as an ASAC at that time and there was a question in Mr. Nease's mind as to just how he would get along in supervising men. He stated he needed more maturity and recommended no change in his assignment.

He was censured on 9/11/57 for errors in a communication which he had prepared. Inspector Sullivan stated he has substituted for the Number One Man and Section Chief of the Research Section and has displayed superior administrative knowledge and very definitely has administrative ability, likes administrative work and Inspector Sullivan recommended him as capable of handling the duties of an ASAC without reservation.

I interviewed SA Condon on May 12, 1958, and observed that he was exceptionally well groomed and I feel makes a very nice appearance. He has gray hair and a rather ruddy complexion and good features. I did not notice any unusual facial expressions or gesticulation but I did have the feeling he was somewhat restrained throughout the interview, possibly because of previous criticism. He appears to have a rather quiet, reserved personality and seems to be above average in intelligence. He impresses me as being more the refined, scholarly type than the rugged, outdoor type of agent. I believe that he could function as an ASAC. I did not observe any lack of maturity. He advised me he is very much interested in being assigned as ASAC and stated he has no problems which would prevent transfers; that assignment to inspection duties involving extensive travel would not deter him in accepting such an assignment and he is willing to do anything to advance. He displayed a very good attitude and I feel he was sincere in his statements. He has had considerable speaking ability and he stated from that standpoint as well as his variety of investigative experience that he had complete confidence of his ability to perform satisfactorily as an ASAC.

I feel that SA Condon is sincerely interested in advancing as an ASAC and that he could probably carry out such duties in a satisfactory manner although his mental temperament seems better suited to research work in view of his extensive experience in research work. I believe he is being utilized to the Bureau's best interests in his present position.

RECOMMENDATIONS

1. It is recommended that Condon be considered capable of further advancement but that he be continued in his present assignment. *2 agree EHC 5/21*

*Letter + 11
prop. 5-27-58
M/S* 2. In view of his continuous service as a Seat of Government Supervisor since 1952 which is over five years, it is recommended that he be reallocated from GS-13 to GS-14, \$10,320. *2 agree EHC 5/21*

Mr. Joseph F. Condon

Dear Mr. Condon:

The excellent work you did in connection with the preparation of a special brief relating to internal security matters has come to my attention and I want to express my appreciation.

Your splendid interest and enthusiasm in handling a tremendous amount of work in connection with this project were most praiseworthy. Your services were indeed a credit to you and to the Bureau and it is a pleasure to commend you.

Since my return from lecturing at Fort Knox, Kentucky, I have learned that letters of commendation have been recommended for two supervisors of this Section because of their outstanding work done on the Director's speech given before the President and his Cabinet on Thursday of last week. These two men are Supervisors Arbor W. Gray and John E. McHale.

It so happens that Mr. Joseph F. Condon did a tremendous amount of work himself on this speech and his contribution was fully the equal of the contributions made by Gray and McHale. Therefore, it would be markedly unjust to commend Gray and McHale without commending Condon. If Condon cannot be commended, I seriously believe that in the interest of justice and morale of the men, it is better not to commend Gray and McHale.

RECOMMENDATION:

That Supervisor Joseph F. Condon be given a letter of commendation along with Gray and McHale.

I have received your courteous letter of December 22, 1958, and appreciate the interest which prompted you to write me.

Your generous comments concerning the recent appearance of Special Agent Joseph F. Dear Mr. Hoover:

On behalf of the members of the Finance Officer Advanced Class and the staff and faculty, I am taking this opportunity to express our appreciation for permitting Mr. Joseph F. Condon to address the students on the subject of "Communism."

Mr. Condon's presentation was most stimulating and it furnished a valuable addition to our course of instruction. The discussion period that followed Mr. Condon's speech not only generated a great deal of interest and thought among the students, but also emphasized the seriousness of this problem that confronts the free peoples of the world.

It is requested that our appreciation and thanks be extended to Mr. Condon for his fine presentation.

Further, please convey our wishes to Mr. Sullivan for a speedy recovery.

Sincerely,

It is recommended that the enclosed copy of a letter of commendation from the Director to the Central Research Section be placed in Mr. Condon's personnel file. Mr. Condon contributed a great deal of importance to this particular research study. He worked regularly evenings, Saturdays, and Sundays until it was finished. He did this despite the fact that his wife was ill and his presence at different times was needed at home. However, he insisted on staying on the job.

RECOMMENDATION:

That this memorandum and the enclosure be placed in Mr. Condon's personnel file.

March 18, 1959

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
Ninth Street and Pennsylvania Avenue
Washington, D. C.

Dear Mr. Hoover:

Thank you for making it possible for our visiting delegation from The Netherlands to meet with representatives of the Federal Bureau of Investigation. Mr. Walter Pasternak, who represented the Society at the meeting, tells me that the delegation was cordially received and that their questions were answered directly and with a candor appreciated by every member of the group. We would like to commend in particular Mr. William C. Sullivan, who directed the discussion and contributed a number of practical suggestions for effectively combating the inroads of communism. An expression of appreciation is due also to Mr. Sullivan's able associates: Mr. Arbor Gray, Mr. Joseph F. Condon, Mr. Charles D. Brennan and Mr. William E. O'Neill, Jr. Their comprehension of this important subject led to an exchange of ideas that I am sure the Dutch will find profitable.

In the presentation to the Dutch group, your bureau contributed to the development of yet another bulwark against further encroachment of communism in Europe providing substantial support to America's national aims as well as the aims of freedom loving people everywhere.

Thank you again for your efforts on behalf of our Society.

Sincerely yours,

/s/ James Monroe

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

Name of Employee Joseph F. Condon Title Special Agent, GS-13
 Rating Period: from 4/1/58 to 3/31/59

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
~~+~~ Outstanding (exceeding excellent and deserving of special commendation).
~~E~~ Excellent.
~~✓~~ Satisfactory (good or very good).
~~-~~ Unsatisfactory.
~~0~~ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

He is a pleasant individual and well liked by all his associates. Mr. Condon can handle complex investigative assignments for the Bureau without difficulty. Further, he is able to participate successfully in raids and dangerous assignments. He does not have any physical or availability limitations nor has he taken any abnormal sick leave.

During the present rating period, Mr. Condon has received three letters of commendation from the Director for the excellence of his work and attitude and one letter of censure because of an error in a communication prepared by him. Mr. Condon throughout the year has produced above average volume of work, while at the same time maintaining a high level of quality. He is outstanding in the bulk of his research, writing, and lecturing. He has received different letters of commendation from people outside the Bureau where he has lectured. Mr. Condon prepared the Current Intelligence Analysis (CINAL) for this Section which regularly is singled out for favorable comment by agencies outside the Department.

Mr. Condon is a willing worker and never hesitates to work nights or weekends when needed. His overtime record is most adequate. He never objects to any type of assignment given to him. On April 29, 1959, SA Condon was charged with the following mail errors above the Domestic Intelligence Division level.

On page two of the "Current Intelligence Analysis" dated April 29, 1959, the name Rodriguez was improperly spelled Rodriguez.

Envelopes transmitting this issue of the "Current Intelligence Analysis" to Major General Walsh, Assistant Chief of Staff, Intelligence, Department of the Air Force, carried the misspelled word Intelligence. SA Condon explained that the error in the spelling of the proper name Rodriguez occurred because it was improperly spelled in the material from which he was working. However, SA Condon realizes that he should have conducted additional checks to insure the proper spelling. In connection with the mailing of the "Current Intelligence Analysis" to Major General Walsh, printed envelopes prepared by the Mechanical Section were utilized. However, SA Condon should have carefully reviewed these envelopes to insure their accuracy.

RECOMMENDATION:

That SA Condon be censured for his failure to note and correct the above in connection with the distribution of the "Current Intelligence Analysis" of April 29, 1959.

**COMMENDATION MATTERS
CENTRAL RESEARCH SECTION**

Reference is made to the memorandum from Mr. M. A. Jones to Mr. DeLoach of June 17, 1959, which relates to outstanding efforts by persons in connection with the Director's speech delivered last night at Morris Harvey College.

On Wednesday, April 15, 1959, with the Director's approval, the Central Research Section initiated work on the preparation of a speech for the Director which could be delivered by him when receiving the citizenship award of the Junior Order of the United American Mechanics on June 16, 1959. In order to expedite this assignment, SAs Charles D. Brennan, Joseph F. Condon, Arbor W. Gray, and John E. McHale, Jr., immediately commenced work on this assignment which they finished during the latter part of the following week. These Agents worked with enthusiasm and dedication, carrying out their assignments in an outstanding manner. These Agents worked late during the workday evenings and worked through the weekend in order to expedite the completion of this speech. On both Saturday and Sunday, April 18-19, 1959, these four men disregarded their personal commitments and conveniences and worked a combined total exceeding 68 hours at the office. After the speech was completed, these men assisted SA Brennan in closely cooperating with Crime Records Section so that the best features of the speech submitted by that Section could be combined with the best features of the speech submitted by the Central Research Section. Through the efforts of all men concerned, it is believed that this cooperative effort was successful.

RECOMMENDATION:

That the following Special Agent Supervisors be commended for their enthusiasm and dedication in carrying out this important assignment for the Director: Charles D. Brennan, Joseph F. Condon, Arbor W. Gray, and John E. McHale, Jr.

JOSEPH F. CONDON
SPECIAL AGENT

I have been a Special Agent for over 12 years and for the past seven years have been assigned to the Central Research Section at the Bureau. Prior to my transfer to the Bureau, I worked in the Butte, Seattle, and Pittsburgh offices. During the period of almost two years which I spent in Butte and Seattle, I worked in various Resident Agencies handling a wide variety of criminal cases.

I have had three years of high school and two years of college French. In 1946, after my military service, I took two additional semester courses in college French and two semester college courses in college Spanish. I have comparatively little difficulty in reviewing the French communist publications which are regularly received in the Central Research Section, and, I sincerely feel that, with my background, I could easily develop fluent French-speaking ability within a short time.

I have been deeply interested in a foreign assignment for some time and, in 1951 while assigned to the Pittsburgh office, requested that I be given consideration for such an assignment. In addition, my first two offices of preference are foreign assignments. My wife is equally enthusiastic about the possibility of an assignment to one of the Bureau's foreign offices.

I feel certain that an assignment to the Paris office would enable me to put to effective use the knowledge of the international communist movement which I have acquired in the Central Research Section during the past seven years.

The Central Research Section has been noting the favorable response by many people to the Director's article sent to them entitled "Communist Illusion and Democratic Reality." This article, which was originally prepared for the members of the National Strategy Seminar held in July, 1959, at the National War College, is of such a fundamental nature that naturally it had an application wider than the group for which it was written. Because of this, it is hoped that it has done the Bureau some good in different ways.

This article prepared in the Central Research Section received most generous contributions in time and effort from Supervisors Joseph F. Condon and Arbor W. Gray. Because of this, it is believed that the Bureau may wish to consider Mr. Gray and Mr. Condon for letters of commendation.

RECOMMENDATION:

That Mr. Gray and Mr. Condon be considered for letters of commendation.

SUBJECT: Letter of Appreciation

Honorable J. Edgar Hoover
Director, Federal Bureau of Investigation
Washington 25, D. C.

1. On Saturday, 21 November 1959, Mr. Arbor Gray and Mr. Joseph Condon gave a presentation to the D. C. Air National Guard on the subject: "Why We Reject Communism."
2. Mr. Gray and Mr. Condon were called upon quite suddenly when Inspector W. C. Sullivan was required to be out of town. They presented an excellent talk. They skillfully developed their material so as to keep the talk on a high level without going over the heads or under the intelligence of their audience.
3. Everyone was impressed by their knowledge of the subject and their genuine desire to communicate their knowledge to the audience.
4. On behalf of myself and all of the members of the DCANG, I wish to extend our thanks and appreciation for this presentation by Messrs. Gray and Condon.
5. It is very reassuring to know that we have such capable and dedicated men in the Bureau.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. UNITED STATES GOVERNMENT

Memorandum

TO : Mr. A. H. Belmont *also*

DATE: February 4, 1960

FROM : W. C. Sullivan *Wes*SUBJECT: OPERATIONS COORDINATING BOARD
INFORMATION CONCERNING (CENTRAL RESEARCH MATTER)

Reference is made to the memorandum from W. C. Sullivan to Mr. A. H. Belmont dated June 4, 1959, captioned as above, in which authority was granted to furnish an article on communism to the Operations Coordinating Board (OCB) for distribution throughout Latin America possibly under the name of the Department of State.

This article was submitted to OCB and a conference was held with State Department officials in which W. C. Sullivan participated. The State Department liked the material prepared so well that they thought it should be given the widest possible dissemination throughout Latin America and possibly Asia. It was further agreed that because of the immense popularity of the Director and his international recognition as the authority in the United States on communism, the article would be much more effective in combatting communism in various foreign nations if it was issued over the Director's own signature.

In view of this desire the article was rewritten in order that it would better conform to the Director's stature in American life. Mr. Hall of the Department of State with whom I discussed the matter said that his Department would be very grateful if the Director would issue it under his own signature. He said that we could disseminate copies in the United States and then they would immediately pick it up from there and have it translated into Spanish, Portuguese, and possibly French and give it widespread dissemination throughout all of Latin America. Mr. Carmichael of OCB said that they would be glad to make arrangements to print free of charge for the Bureau's use 5,000 copies.

Advise U. Pres. & all in due time. Also, copies to our special mailing list

This is not only a good opportunity to hit at communism in Latin America but it also will serve a good purpose in the United States. Further, the fact that it will be State Department sponsored in many foreign countries will do much to rebut the accusations some papers are now making to the effect that the Director and the Department of State viewpoints are opposed to each other. The enclosed will forward this material and I will have the file closed.

Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.

Mr. Condon is a very mature, valuable, well-seasoned veteran of the Bureau. He makes an excellent personal appearance, dressing well at all times. His poise and posture are in the same ratio as his appearance. Mr. Condon is within the desirable weight limits and has no physical limitations of any kind. His personality is marked by interest, intelligence, enthusiasm, loyalty, judgment, industry, conscientiousness, and force as required. He definitely has the ability to handle the most complicated investigations in the Bureau as well as the ability to participate effectively in raids and dangerous assignments. He has no limitations of availability and is ready, willing, and able to accept any kind of an assignment. Mr. Condon is engaged in research and writing in the field of communism and during the year he has been coauthor of some outstanding articles prepared for the Director. For example, he is the coauthor of an article entitled "Communist Illusion and Democratic Reality" which met with a phenomenal success. Different men of prominence have written the Bureau stating it was the best article that they have seen on the subject coming from the Bureau. It received very widespread distribution. Mr. Condon also coauthored an article prepared for the Director entitled "One Nation's Responsibilities to Communism." This was so well done that the Voice of America asked the Director to tape record portions for beaming to Latin America. The Director agreed to do this.

Mr. Condon is also a very capable lecturer on communism and is fully able to handle any lecture assignments either inside the Bureau or outside before public groups. During the course of the year Mr. Condon received four letters of commendation from the Director and also a letter from the District of Columbia Air National Guard commenting very favorably upon a lecture given by him there. He received one letter of censure during the rating period. Mr. Condon has had no abnormal sick leave during the year. His overtime has been most adequate.

"COMMUNIST INFILTRATION OF THE PRESS"
Brief dated March, 1960*Joseph F. Condon*
Domestic Intelligence

During March, 1960, we prepared, for the Director's information, extensive briefs on the two above-captioned subject matters.

The brief on "Communism and Religion" was prepared in the Internal Security Section under the direct supervision of Section Chief Fred J. Baumgardner. This brief involved the review of thousands of references and most of the Special Agent personnel of the Section participated in it. Some file reviews were made by personnel of other Sections of this Division. The personnel engaged in the preparation of this brief worked every evening and Saturdays and Sundays for over two weeks. In addition, while some delinquency did arise in the work of the Section, all special matters were handled and the delinquency was kept within reasonable control. A real effort is now being put forth to bring all the work in the Section up to a current status. Also, it should be noted that the extent of the matter of communist infiltration of religion has become a very controversial subject, and this brief had to be most carefully prepared and the information had to be judicially evaluated to arrive at a proper Bureau position. I feel that an excellent brief was prepared in a very delicate field and that commendation would be in order for those who participated in the brief's preparation.

Re: "Communism and Religion"
Brief dated March, 1960

"Communist Infiltration of the Press"
Brief dated March, 1960

The brief on "Communist Infiltration of the Press" was prepared in the Central Research Section under the personal direction of Section Chief William C. Sullivan. His entire Section participated in the preparation of the brief, as did also some personnel of other Sections in the Division. The personnel directly responsible for this brief in the Central Research Section also worked evenings and weekends to get this brief prepared. Thousands of file references were reviewed and, again, I feel that an excellent brief, in another delicate field, was prepared, and that commendation is in order for the personnel who performed the major portion of the work on this brief.

It is believed it would be desirable that two letters of commendation be written--one to Mr. Baumgardner and the other to Mr. Sullivan--in their capacity as Section Chiefs--for the work which they and the personnel of their Sections performed in the preparation of these two briefs; that copies of the letters then be placed in the personnel files of the employees in each Section who made substantial contributions to the preparation of the briefs.

Attached is a list of the personnel in each Section whose files should receive copies of a letter.

RECOMMENDATION:

That letters of commendation as indicated above be prepared.

Reference is made to the memorandum from Mr. Sullivan to Mr. Belmont dated May 11, 1960, regarding the captioned document. Mr. Tolson noted on the referenced memorandum, "This is a well prepared document."

This hard-hitting document was largely due to the enthusiasm, industry, and high standards of writing maintained by those members of the Central Research Section primarily responsible for its preparation. Although several clerical analysts performed the initial research for portions of this document, the preparation and writing was largely the result of the efforts of the following Special Agent Supervisors. Their specific contributions are set out:

Special Agent Russell S. Garner--He planned, coordinated, and supervised the preparation and writing of the entire document. In addition, SA Garner conducted all research for and wrote the section on "Communist Tactics and Strategy."

Special Agent --Conducted all research for and wrote the section on "Communist Objectives."

b6
b7C

Special Agent Charles D. Brennan--Conducted a portion of the research for and did all of the writing on the sections "Law as a Communist Weapon" and "Meeting the Communist Menace."

While I appreciate the concern which prompted you to write to me, as a matter of policy, I am unable to comment with respect to the specific suggestion you made.

Certainly, it behooves all public-spirited citizens to make a concerted effort to gain a broad knowledge of the objectives and operations of the communist menace. This is vitally essential if Americans are to effectively resist its influence.

It is indeed gratifying to have your generous comments about Mr. Condon's talk, and he appreciates them as much as I do.

Sincerely yours,

March 6, 1961

Dear Sir:

My wife and I attended yesterday, Sunday, March 5, 1961
A Metropolitan Defense Strategy Seminar sponsored by "The Delaware
Bay Council" in cooperation with "The Institute for American Strategy"

The first speaker after the introduction was Mr. Joseph F. Condon, Special Agent of the FBI. I am writing to you this letter to first express my appreciation for Mr. Condon's attendance and his excellent and educational talk. And secondly, to comment on the aims of such meetings and their effectiveness as seen from the limited viewpoint of an ordinary citizen like me.

When I was invited to attend the Seminar, I was asked to bring friends who share the view that we live in a type of cold war fought here at home by "liberals", fellow travelers and others who under the pretext of free speech, liberty and the pursuit of Communism try to prepare the American mind for the view point that there are much worse things in life than Communism, and that a vigorous approach to that view point will save our children from a shower of Hydrogen bombs and Strontium 90 in their bone marrow. I tried. Four (4) other people was all I could get to come. I must have asked twenty or more -all of them are in my book good Americans. But to give up a Sunday afternoon is asking a little bit too much, besides they expect an opportunity to see enough on Television or in the newspapers to keep them well informed. And this brings me to the point.

Several excellent Television shows were shown in the past, sponsored by patriotic firms. For instance "Victory at Sea", "Crusade in Europe", "Churchill's Memoires" and others. Would it not be possible to get first class Hollywood talent to donate their time, studios to donate their facilities to produce a high caliber series for television and thus bring to the American home and public the facts of this "Cold war", the facts of direct and indirect infiltration of subversive elements in all phases of the American life. Surely, we will not have to wait for a war before people who could produce and sponsor such a series under the FBI's guidance would rush to do "their share"?

Again let me thank you and Mr. Condon. I hope to hear more of this subject so well presented by Mr. Condon. Please be kind enough to relay my wife's and my thanks to him and let him know how much we appreciated it.

Sincerely yours,

Since July, 1960, Bureau has been assisting Navy by providing lectures on Bureau jurisdiction and communism for groups of high-ranking Naval Reserve Officers of MSTS who are called to Washington for two-weeks training yearly.

Enclosed memorandum from Commander C. T. Niedzielski of MSTS Naval Reserve Division dated 3-2-61 in turn encloses a letter from a member of the latest class of Reserve Officers, commenting on the program afforded to the class. Niedzielski's memorandum indicates that the FBI presentation was extremely valuable to the officers in attendance, and a large factor in the success of the MSTS training program.

On 3-6-61 the Liaison representative in conversation with Niedzielski orally acknowledged his memorandum and expressed appreciation for the favorable comments. Niedzielski stated that since the inception of this program the Bureau's talks have consistently been among the most highly rated by each class.

It is noted that the Bureau has so far provided speakers on communism and jurisdiction for four MSTS classes. All of the lectures on jurisdiction have been handled by Mr. N. A. Watson, Training and Inspection Division. Three of the lectures on communism have been given by Mr. J. F. Condon, while one lecture on this subject has been given by both Condon and Fox being from the Domestic Intelligence Division.

RECOMMENDATION:

That appropriate record be placed in the personnel files of Bureau Supervisors Watson, Condon and to reflect the favorable comments by MSTS on their work.

MILITARY SEA TRANSPORTATION SERVICE
DEPARTMENT OF THE NAVY
WASHINGTON 25, D.C.

The Honorable J. Edgar Hoover
Director, Federal Bureau of Investigation
Washington 25, D. C.

My dear Mr. Hoover:

During the past year, three members of your staff contributed to courses of instruction at my command for senior Naval Reserve officers. Mr. Joseph M. Fitzgerald acted in a coordinating capacity, with Mr. Nelson A. Watson and Mr. Joseph F. Condon, presenting lectures on criminal jurisdiction and communism.

The Naval Reserve classes have consistently singled out these presentations as a most important feature of their training duty. The knowledge gained will be extremely valuable to them in their mobilization duties.

I wish to extend my appreciation for your cooperation, and ask that the gentlemen concerned be tendered my sincere thanks for their outstanding contribution to the training program of the Military Sea Transportation Service.

Sincerely yours,

Roy A. Gano

It is recommended that Special Agent Joseph F. Condon be commended by the Director for his excellent work in preparing the basic material for the publication "The Communist Party Line" which was prepared for and printed by the U. S. Senate Committee on the Judiciary.

The material prepared by SA Condon was of a superior quality and required a great deal of skill, thoroughness, and intelligence. It should be of great value to the Bureau. For example, the San Francisco office advised on October 10, 1961, that the "News Call Bulletin" was to carry this "The Communist Party Line" report of the Director in that newspaper. The newspaper further quoted Senator Eastland as saying that this "The Communist Party Line" report was the "wisest and most penetrating treatment of the Party line that I have ever read." The newspaper indicated that it shared Senator Eastland's opinion.

RECOMMENDATION:

Dear Mr. Hoover:

It is a pleasure to express the appreciation of the U. S. Army Intelligence School for a most beneficial period of instruction on Communist subversive activities, presented by Mr. Joseph P. Condon, on 11 October 1961, to personnel attending the first Senior Foreign Officer Course at Fort Holabird.

The lecture was well organized and effectively supplemented the preceding hours of instruction for the Class. Mr. Condon's discussion of the historical background of the Communist Party USA, its current activities, organizational structure and modus operandi, as well as its relationship with Communist parties worldwide, was a distinct contribution to the program of training for this group of Latin American officers. The lecture provoked a stimulating question and answer period following the formal presentation.

Thank you for your courtesy in making this presentation possible and please convey my appreciation to Mr. Condon. I hope that we shall have the pleasure of hearing him speak to future sessions of this Course.

Sincerely,

Mr. J. Edgar Hoover, Director

Dear Mr. Hoover:

We want to take this opportunity to express our sincere appreciation for your cooperation in authorizing Special Agents Joseph F. Condon and Walter V. McLaughlin to participate as guest lecturers in the Twelfth Annual Law Enforcement Institute offered at the University of Maryland.

We are particularly happy to report that both Mr. Condon and Mr. McLaughlin made outstanding presentations. We are deeply grateful for their unselfish efforts to share their wide experience and knowledge with the four hundred law enforcement personnel attending our Institute this year.

Since Mr. McLaughlin was unable to cover many important facets of his topic in the time allotted, we would consider it a great privilege to be able to invite him to return for next year's program. Please let us know if this would meet with your approval.

Thanks again for the interest and cooperation you have shown in providing qualified personnel to lecture in the Law Enforcement Institute.

Sincerely yours,

The Honorable J. Edgar Hoover
Director
Federal Bureau of Investigation
Department of Justice
Washington 25, D. C.

Dear Mr. Hoover:

The Latin American students of the first Senior Foreign Officer Intelligence class at the U. S. Army Intelligence School derived great benefit from the presentation by Special Agent Joseph F. Condon of the Federal Bureau of Investigation, who spoke to them in October 1961 on the subject, "Subversive Activities."

It would be appreciated if you would designate Mr. Condon to address the second class, consisting of approximately twenty field grade officers of the following countries: Cambodia, Korea, The Philippines, Taiwan, Thailand, and Viet Nam. The time and date set aside for the presentation is from 1 o'clock P.M. to 2:50 o'clock P.M. on February 9, 1962. This is the time and date which we feel would place the presentation in the proper sequence to the other subjects in the course.

The scope of the lecture, as outlined in our Program of Instruction, is as follows: "Analysis of development of fronts; methods of operations; methods of identifying fronts; objectives, techniques, and outlets used for dissemination of propaganda."

These officers will be cleared for access to information classified CONFIDENTIAL, and will speak and understand the English language.

I hope that we may again benefit from Mr. Condon's services, and that he will plan to arrive at Fort Holabird in time to join members of the Staff and Faculty at luncheon prior to his presentation.

Sincerely,

LAURENCE C. BROWN

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
~~+~~ Outstanding (exceeding excellent and deserving of special commendation).
~~E~~ Excellent.
~~✓~~ Satisfactory (good or very good).
~~-~~ Unsatisfactory.
~~O~~ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

SCREENING COMMITTEE INTERVIEW

Mr. Hyde and I interviewed Condon on 5-10-62 on behalf of the Screening Committee, Mr. Edwards being otherwise engaged. Condon was very well groomed and makes an excellent appearance. His hair is almost white and he has a rather ruddy complexion but has good features and seems mature and intelligent. His personality is rather quiet and reserved but he converses easily and does not lack poise or confidence. He stated he is very much interested in advancing administratively, is available for assignment anywhere, has no personal problems which would interfere with transfers, and is in excellent health. He particularly mentioned that he would be interested in assignment to a Legal Attache's Office, pointing out that he had five years of French and two years of Spanish in school and felt that he could develop a fluency in either of these languages rapidly. It was suggested to him that he take the Bureau's language test in French and Spanish to establish his present ability in these languages.

He stated that he has had varied investigative experience including some criminal work, and although he has been assigned to research matters for almost ten years he feels that with some inspection experience he could handle the position of ASAC. He has done a good deal of public speaking and his file reflects complimentary remarks concerning this. He stated that he served as a Master Sergeant, having at times as many as 100 people under him, and felt that he could handle personnel without difficulty. He has occasion to contact some rather important figures in connection with his speaking engagements and, while his personality is not that of a salesman, he feels he should have no difficulty with contact work as a field executive and the Committee is inclined to agree. He has a rather scholarly manner and is apparently talented in research work. There appears to be no reason, however, why he could not serve capably in a field executive position.

My dear Mr. Hoover:

On several occasions during the past year, three members of your staff, expended much time and effort in contributing presentations on "Criminal Jurisdiction" and "Communism" to senior Naval Reserve officers participating in the COMSTS "Command Ocean Transportation Course". Assisting in this program for the second consecutive year were Special Agent Nelson A. Watson, Training and Inspection Division; and Special Agent Joseph F. Condon, Domestic Intelligence Division. Inspector Joseph A. Sizoo of the Domestic Intelligence Division, also contributed extremely effective presentations to these groups. In addition, for the second year, Special Agent Joseph M. Fitzgerald, Liaison Section of the Domestic Intelligence Division, was of great assistance in coordinating the scheduling of these presentations.

Through a critique of the course prepared by each class member, the Naval Reserve classes have evaluated these presentations as outstanding from the standpoint of content and delivery. Class members were particularly impressed with the interest and enthusiasm these gentlemen displayed in this undertaking. Undoubtedly, the MSTS Naval Reserve officers will be better able to fill their mobilization assignments as a result of the information gleaned from these presentations.

I greatly appreciated the cooperation received from the personnel concerned, and request that they be extended sincere thanks for their contribution to the Naval Reserve training program of the Military Sea Transportation Service.

Speaking Assignments:

Since July 1, 1961, SA Condon has carried out 28 speaking assignments to audiences outside the Bureau. These audiences covered a wide variety, including governmental, both civilian and military; professional; educator; police; college; and religious groups. Some of these assignments required classified talks and others unclassified. In connection with these assignments, SA Condon had to prepare speech material appropriate for these groups. This required insight regarding the interests of each audience and how best to develop these interests in cohesion with his topic.

SA Condon's skill and the importance of his accomplishments for the Bureau are clearly stated in the favorable responses to his speaking assignments.

A letter of October 17, 1961, from a representative of a professional organization advised the Director that as a result of SA Condon's clear and concise presentation to this organization's convention on the subject "Communism Challenges the United States," SA Condon received a standing ovation. The writer stated that he felt this ovation was a tribute to the Director's office.

By letter of November 2, 1961, the Director of the Graduate School, Memphis State University, described SA Condon as "A most excellent representative for the Federal Bureau of Investigation." He further stated that SA Condon, in connection with his speaking assignment, "did an outstanding job."

A letter of February 21, 1962, from a colonel, United States Army, described a lecture of SA Condon as "outstanding." This was on the occasion of a classified lecture by SA Condon on the Communist Party and Soviet espionage activities in the United States.

By letter of August 7, 1962, a major general of the United States Army described SA Condon's presentation of a lecture on "Communism and Communist Front Organizations" as interesting and effective. He stated further that SA Condon's "thorough knowledge and professional ability aided immeasurably in the success" of the Army intelligence school.

The successful carrying out of these assignments in such a superior manner is of great importance to the Bureau in gaining the respect and cooperation of the public for the Bureau's vital work.

In addition to his outside commitments, SA Condon has very effectively carried out lecture assignments in the field of communism for new Special Agent training, In-Service training classes, and National Academy classes within the Bureau.

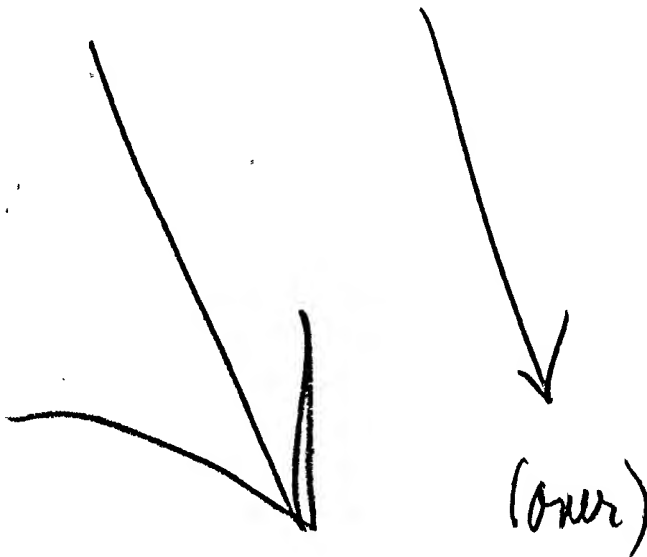

Research and Writing:

SA Condon has an outstanding talent for research and writing. His talents are not confined to his individual assignments, but also are valuable in assisting others. This improves the work of others in the Section who do not have his broad knowledge and experience.

Although SA Condon has done a wide variety of research and writing in the communist field, he made a very significant contribution in preparing the basic material for the publication, "The Communist Party Line: which was prepared for and printed by the U.S. Senate Committee on the Judiciary and widely disseminated to the public in late months of 1961.

Commendations:

During the past year, SA Condon has been commended by the Director on several occasions. On October 16, 1961, he was commended for his high degree of skill, thoroughness, and intelligence in preparing the basic material for the previously mentioned "The Communist Party Line." On May 8, 1962, SA Condon was commended through Assistant Director W. C. Sullivan for his effective participation in the instruction at a Command Level Administrative School conducted for the Metropolitan Police Department, Washington, D. C. On July 2, 1962, SA Condon was commended for his highly skillful efforts and excellent knowledge and judgment in the preparation of a document on communism. In addition, SA Condon was a member of the Domestic Intelligence Division Streamlining Committee which was commended on January 11, 1962 through its chairman for the excellent job that they had done.

A handwritten signature, possibly "Coner", is written in cursive. A long, straight arrow points from the top right towards the signature. Another arrow, composed of two strokes, points from the upper left towards the signature.

ADDENDUM ADMINISTRATIVE DIVISION *LRH:bjb* 9-7-62

Information submitted by Domestic Intelligence Division clearly reflects SA Condon has been doing exceptionally fine work for an extended period of time and his services merit recognition through an incentive award. Based upon approved tables utilized to determine amount of award to be granted, SA Condon's services are considered to be of moderate value and broad application to the work of the Bureau, entitling him to an award of \$150-\$300.

BUREAU RECORD

EOD 1-20-47; GS-14, \$12,730. Services have generally been satisfactory and during the past 3 years has been commended on 6 occasions and twice through his Assistant Director and once through Chairman of Streamlining Committee. Rated Excellent on 1962 annual performance rating. Completely available and overtime satisfactory.

Dear [Redacted]

I have received your letter of September 17th, with enclosure. It was certainly thoughtful of you to write to Mr. Condon and you may be sure he shares my pleasure in your kind comments.

In view of your interest, I am enclosing some material I trust you will find pertinent. Incidentally, in connection with your comparative government class, you may be interested in my new book, "A Study of Communism," which will be released by Holt, Rinehart and Winston, Inc., 383 Madison Avenue, New York 17, New York on October 1st. This book is a comprehensive study of the development and expansion of communism throughout the world and is, I think, relevant to that course.

Sincerely yours,

Dear Mr. Condon:

If you think we are negligent, we are; but we are certainly not ungrateful. Miss Shipley and I as well as others who shared in our responsibility to plan in-service education activities appreciate your interest in our concentrated study of comparative governments, your willingness to participate "beyond the call of duty," and your very able presentation of the growth of the Communist Party in this country. Frankly, I am still amazed at your mastery of the subject as evidenced by the manner in which you discussed various aspects of this threat to our American democracy.

Please accept our very belated but very sincere thanks for a job well done. The social studies teachers are particularly appreciative of your accepting our invitation and feel that you have made a real contribution to their study.

My apology for this delay in thanking you is that our next in-service education day comes next Friday while our children are making merry at the Tri-State Fair.

Please come to see us Tennesseans again.

Sincerely yours,

Reference is made to your request for an explanation of the reason for the error which appeared on page 35 of captioned analysis, specifically regarding the question of whether the figure of 7 Negro Special Agents should have been 15. Reappraisal showed that the figure actually should have been 13 and the analysis has been corrected accordingly.

Special Agent Joseph F. Condon, Supervisor in the Central Research Section, handled the portion of the analysis dealing with that point and his explanation is enclosed. SA Condon admits he erred and sincerely regrets it. He will expend every effort in the future to avoid a repetition. He attributes the error to a misinterpretation of the information submitted in the memorandum from Mr. Callahan to Mr. Mohr dated 10/20/62 and captioned "Jack Levine," which SA Condon states was "somewhat confusing."

I have studied SA Condon's explanation along with the memorandum he relied upon as the source of information on the point and believe that his comment that it is "somewhat confusing" is well taken. I am enclosing a copy of this memorandum and direct attention to the first two paragraphs on page two. I submit that even with close study the information is confusing on the point of how many Negro Special Agents there presently are. We finally were able to resolve this only by checking with the Administrative Division, which is what SA Condon should have done originally. Condon bears this responsibility, of course, but I do believe that the confusing nature of the write-up is a consideration.

RECOMMENDATIONS:

1. That Special Agent Joseph F. Condon be censured for his error.

2. That this memorandum be referred to the Administrative Division for consideration and appropriate action in regard to the material in the enclosed copy of the memorandum from Mr. Callahan to Mr. Mohr dated October 20, 1962.

ALLEGATION

Reference is made to incident 7 of the radio transcript wherein Levine stated that of the 5 FBI installations he had visited namely New York, Seat of Government, Washington Field, the FBI Academy at Quantico and Detroit, there were only 2 Negro employees. He estimated the number of Bureau personnel to total 7500. He said the 2 Negro employees are honorary Agents who have no investigative duties. Their assignment is to receive visitors and guests in the Director's Reception Room. He said other Agents told him they had never heard of any other Negro employees in the field.

FACTS

Levine's statement that in the 5 FBI installations there were only 2 Negro employees and that based on what he had heard there was only another Agent somewhere in the field is false. We have long had considerably more Negro employees than that indicated by Levine and there follows a chart showing for the 5 installations named by Levine, total employment as of 9-30-62, and total number of Negro employees at each installation, broken down by the total in wage board positions and the total in each GS grade.

Re: Jack Levine

Of this total of 51 Negro employees 7 are Special Agents. The 2 Levine referred to as honorary Agents are probably Special Agent [redacted] GS-10, and Special Agent Worthington Smith, GS-6, who are assigned to the Director's Office. Although they do not have investigative work regularly assigned they carry Agent credentials which delegate to them the same authority delegated to any other Agent and are subject to any assignment for which they could be utilized.

Concerning the statement there was only 1 other Negro Agent in the field, we have had Negro Special Agents in the field for a number of years and presently have 8 assigned to field offices as follows: 2 in Los Angeles, 1 in GS-13 and 1 in GS-11; 1 in Miami in GS-11; 1 in Chicago in GS-11; 1 in St. Louis in GS-10; 1 in Cincinnati in GS-10 and 2 in New York in GS-11.

RECOMMENDATION

That this memorandum be referred to the Domestic Intelligence Division for correlation with related matters.

Reference is made to the analysis of the radio broadcast by former Special Agent Jack Levine and specifically to the question of whether the figure of 7 Negro Special Agents shown on page 35 should have been 15.

I prepared this portion of the analysis based on two memoranda from Mr. Callahan to Mr. Mohr dated October 20, 1962, captioned "JACK LEVINE." One memorandum sets forth the total number of Negro employees and the other the total number of Negro Special Agents.

The memorandum setting forth the total number of Negro Special Agents is somewhat confusing in that it deals with Levine's charge that there were only two Negro employees, the "honorary Agents" assigned to the Director's office in the five Bureau installations (Bureau Headquarters, Quantico, the New York, Detroit and Washington Field offices) which he visited.

Mr. Callahan's memorandum stated that there were 51 Negro employees in those five Bureau installations and that 7 of them were Special Agents. The memorandum then went on to deal with Levine's charge that there was only one other Negro Agent in the other field offices. In refutation of this, Mr. Callahan's memorandum pointed out that:

"... we have had Negro Agents in the field for a number of years and presently have 8 assigned to field offices as follows: 2 in Los Angeles, 1 in GS-13 and 1 in GS-11; 1 in Miami in GS-11; 1 in Chicago in GS-11; 1 in St. Louis in GS-10; 1 in Cincinnati in GS-10 and 2 in New York in GS-11."

Since the two Special Agents assigned to the New York office, which was visited by Levine, are included in the total of the eight Special Agents listed in the above quotation, the six other Special Agents included in this breakdown added to the seven in those installations visited by Levine make a total of 13 Negro Special Agents. The analysis has been corrected to show this total.

I sincerely regret this error and will expend every effort in the future to avoid a repetition.

Dear Mr. Hoover:

On behalf of the Staff and Faculty of the U. S. Condon to personnel attending the current Senior Foreign Officer Intelligence Course.

Mr. Condon presented a timely and interesting discussion concerning historical and current objectives of the Communist Party movement in the United States, strategy and tactics of the Party, and legal actions adopted by the United States to combat this threat. The lecture stimulated considerable class interest and clearly demonstrated some of the problems posed by Communism.

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
Washington, D. C.

Dear Mr. Hoover:

It was my privilege to accompany your Mr. Joseph F. Condon while he lectured here in Atlanta last week.

His agenda which is attached was a crowded one. His audiences ranged over five Negro and White college campuses and included one high school system.

Whether it was the result of a meeting at a Faculty luncheon or after hearing him on the speaker's platform, praise for Mr. Condon was at all times lavish.

His message which was amazingly adjusted according to his audience was always clear and concise.

During his two days in our community, Mr. Condon spoke to approximately six hundred students, three college presidents and innumerable faculty members of all political persuasions.

I attended all of Mr. Condon's lectures and watched and listened closely for any audience reaction.....it was all positive, something not always expected at some of our more liberal institutions. I would like to express this Organization's heartfelt thanks to you and the Federal Bureau of Investigation for the opportunity of programming Mr. Condon.

Yours very respectfully,

**QUALITY WITHIN-GRADE SALARY INCREASES
INVESTIGATIVE PERSONNEL
DOMESTIC INTELLIGENCE DIVISION**

Mr. Sullivan has recommended Quality Salary Increases for ten Agents in the Domestic Intelligence Division in connection with the submission of their 1963 annual performance reports. These are in addition to Quality Increases which have already been approved for eleven investigative personnel who received Outstanding annual performance reports. Each of these men was rated Excellent or Outstanding on all important items in his performance report and received an over-all adjective rating of Excellent. Mr. Sullivan in justification certified that they have performed the most important functions of their positions in a manner which substantially exceeds the normal requirement; their work has been highly effective; this exceptional high level of effectiveness has been sustained during the rating period and is expected to continue indefinitely; and when viewed as a whole, their performances merit a faster than normal salary advancement.

In addition to being rated Excellent on this performance report, each is completely available, their overtime has been satisfactory, and no serious administrative action was taken against them during this rating period. There follow additional specific comments concerning each for the past year.

Dear Mr. Hoover:

I want to take this opportunity to thank you for allowing Mr. Joseph F. Condon to visit our campus. The talk was most informative and interesting. Once more we are indebted to you and the Bureau. I enjoyed the talk, but even more I was impressed with Joe Condon, the man.

Our high school librarian, at my request, is returning the book so that an autographed copy may have a place in our American Heritage Room. I hope this isn't too much of an imposition.

Mr. Hoover, thank you for the book, Mr. Condon, and a job well done.

SUBJECT: Speech by Special Agent Joseph F. Condon.

Through your kindness, the Fathers Club of Gonzaga High School in Washington, D. C., had the pleasure of hearing a talk by Mr. Condon on "Intelligent Anti-Communism".

Mr. Condon's remarks were unusually well received. It was readily apparent that he was thoroughly familiar with every phase of his subject and the interest he created is evidenced by the fact that Mr. Condon answered questions for over an hour after he had finished his speech.

I thought you would like to know that the Rector of Gonzaga, during a brief talk at the conclusion of the meeting, stated that Mr. Condon's speech was the finest he had ever heard on the subject of Communism. The Head Master of the School also publicly stated that it was his desire that the students at Gonzaga be given the opportunity to hear Mr. Condon.

JJC Thank you for affording us a most enjoyable and instructive evening, and I wish you continued success and a speedy recovery from your recent illness.

Reference is made to Philadelphia airtel dated November 29, 1962, and Philadelphia letter dated November 30, 1962, which transmitted a set of notes regarding communism and related matters to the Bureau.

Miss Bell claimed that these notes were given to her in Washington, D. C., in 1955, by a young man who requested that she type them for him. She could not supply any identifying information regarding this man. The notation "Mr. Condon - FBI" appears at the top of a page opposite the subject "Communism." Later there appears in these notes the name "Maj. Angell" opposite the subject "Delimitations Agreement." Mr. Condon and Major Angell were unknown to

Special Agent Joseph F. Condon has reviewed these notes and advised that they were not his notes; however, they could have been prepared from a lecture that he gave before some other Government agency. SA Condon is certain that these notes are not based on any lecture within the Bureau since they include information regarding the Communist Party, USA, a topic not discussed by Central Research Section speakers before New Agents or In-Service classes. SA Condon advises that a review of the notes which appear to relate to his lecture indicates that they contain no classified information. It is also noted that at the bottom of page 11 the parenthetical expression "remainder classified" appears and is immediately followed by the notation "not classified," which would indicate that the classified portion had been deleted.

The last nine pages of these notes appear to be related to a lecture of a Major Angell. These notes relate to the Delimitations Agreement, Soviet Government and Party Hierarchy, and Soviet intelligence organizations. SA Condon advises that he has no knowledge of a Major Angell.
